### Just Because!

Ask a child why they did something wrong and you will receive any numbers of reasons; but it all comes down to one simple truth, "I did it because." That's right, just because they wanted to do whatever it was that they shouldn't have done. But what is strange to me is that as adults we still use the same type of thinking. So many want to claim that they are victims. Victims of their genes, of poor parenting, or of someone else's actions. Few want to state the truth and say "I did it just because I wanted to."

Yet Jesus is clear on the matter, we get what we sow, we reap the consequences of wrong choices and poor judgment.

The apostle Paul used the statement, "act like men," In other words simply grow up. God will hold each of us accountable for the things we have done in this life (I Cor. 5).

He will know that we did what we did just because we wanted to.

## NURSERY

For those in need of a cry-room, there is one in back of the auditorium on the right. There is also a full nursery. Go through the door on the left of the pulpit and down the hall to the left. There are changing tables in the ladies' and men's restrooms in the foyer.

## SIGNS OF PRIDE IN THE CHURCH

*Eight people passed right by me and did not speak. I am mad. I am not going back to that church.*

*I wore a new suit and nobody said anything about it. I am mad. I am not going back to that church.*

*They did not pick me to lead singing this Sunday. I am mad. I am not going back to that church.*

*Nobody ever said anything about the good things I did for that church. I am mad. I am not going back to that church.*

*I drove my new car to church and nobody said anything. I am mad. I am not going back to that church.*

*Somebody said something to me that I did not like. I am mad. I am not going back to that church.*

Unchastity, anger, greed, drunkenness, and all that, are mere flea bites in comparison. It was through PRIDE that the devil became the devil. Pride leads to every other vice. It is the complete anti-God state of Mind.
